Mr. Hale objected to immediate consideration and it therefore went to the calendar, Mr. Hoar giving notice that he would call it up at the first opportunity.

The Senate proceeded to the consideration of the Senate bill to pay the several States and Territories and the District of Commbia all the money collected under the direct tax levied by the act of August 5th, 1861.

Mr. Sherman advocated the bill. He said it had been several times recommended by the Treasury Department, purtly as an act of justice and partly to relieve the department of legal complications. It referred to the tax of \$20,000,000 imposed during the war on all States north and south; to those Northern States which paid it promptly a discount of fifteen percent, had been allowed, but some few of Passed the House: Acts incorporating those States did not pay promptly and since the war some of it had been collected

since the war some of it had been collected from some of the Southern States.

After some discussion the bill was passed, yeas 53, nays I, (Mr. VanWyck).
The bill directs the Secretary of the Treasury to credit to each State and Territory and to the District of Columbia a sum equal to all collections made from them under the tax rate. It remits and reliquishes all of the tax still due and appropriates a sufficient amount to reimburse the States for all moneys found due to them under the provisions of this act, to be paid to their respective Governors, provided that where the taxes have been collected from citizens, either directly or by sale of property, the amount be religious and time to form the cars into vessels are trust for them or their legal representatives.

A FEW PLAIN FACTS. For more than twenty years we have been trying to build our business on the broad corner-atone of truth and right. We still believe that the prestige of honor and if e power of truth are invinctble and eternal, and that people are not wise who pay big prices for Pianos, Orgar s and Machines, when we guarantee the same goods for less money.

We divise our customers to buy only such makes as years of experience have proved the best in the world for money. Such makes as for the money. Such makes as Sielnway & Sons, Wm. Knabe & Co. Chickering & Sons, Hallet & Davis, Decker Bros., Emerson & Co. Henry F. Miller.

Still if you wantary other makes, don't forget we furnish thour all, and you can save money by getting our lovest prices before closing any trade with any dealer, agent or friend. Try it. L.J. WHEELDEN
